HE, QING

Email: qingh@upenn.edu
LinkedIn: linkedin.com/in/qinghe
Website: qing-he.com

RESEARCH INTERESTS

Human–AI Interaction • Intelligence Augmentation • Computational Modeling of Human Cognition and Behavior • Social Computing

EDUCATION

University of Pennsylvania | M.Arch. in Architecture *May 2024 – May 2027*
Philadelphia, PA | GPA: 3.94/4.00

Renmin University of China | B.E. in Computer Science; B.Ec. in Finance *Sep 2019 – Jul 2023*
Beijing, China | GPA: 3.83/4.00; Rank: 2/28 in the Selective Dual-Degree Program

PUBLICATIONS

(P: Preprint, C: Conference or Journal, ∗: Equal contribution)

[P1] Experience-Centered Spatial Simulation: A Generative-Agent Framework for Modeling Stakeholder Experience
Qing He, Danaé Metaxa
Submitted to CHI 2027 (Under Review)

[P2] From Detection to Judgment: AI-Assisted Façade Inspection in Professional Practice
Qing He, Ruowei Gong, Yixuan Gu, Zherui Wang
Submitted to *115th ACSA Annual Meeting* (Under Review)

[C1] Does Personalized Nudging Wear Off? A Longitudinal Study of AI Self-Modeling for Behavioral Engagement
Qing He*, Zeyu Wang*, Yuzhou Du, Jiahuan Ding, Yuanchun Shi, and Yuntao Wang
Conference on Human Factors in Computing Systems (CHI), 2026

[C2] Triangulating Across U.S. Federal AI Transparency Regimes
Emma Lurie, Emma Fauser, **Qing He**, Danaé Metaxa, and Sorelle A. Friedler
AAAI/ACM Conference on AI, Ethics, and Society (AIES), 2026
🎗 *Best Paper Award: Social Impact*

[C3] Enhancing Product Search with Query-Aware Multi-Facet Explanations through Hierarchical Graph Convolution
Qiannan Zhu, **Qing He**, Lingzhi Wang, and Mingming Li
ACM Transactions on Knowledge Discovery from Data (TKDD), 20(4), 2026

[C4] Query-Aware Explainable Product Search With Reinforcement Knowledge Graph Reasoning
Qiannan Zhu, Haobo Zhang, **Qing He**, and Zhicheng Dou.
IEEE Transactions on Knowledge and Data Engineering (TKDE), 2023

[C5] A Gain-Tuning Dynamic Negative Sampler for Recommendation
Qiannan Zhu, Haobo Zhang, **Qing He**, and Zhicheng Dou
Proceedings of the ACM Web Conference (WWW), 2022

RESEARCH EXPERIENCE

Penn HCI Group, University of Pennsylvania | Research Assistant *May 2026 – Present*
Advisor: Prof. **Danaé Metaxa**
Simulation for Architecture: From Stakeholder Experience Modeling to Design Support

- Proposed the Experience Centered Spatial Simulation (ECSS) framework and built a proof-of-concept system for context-sensitive stakeholder experience simulation with generative agents.
- Evaluated the framework through case studies; resulting manuscript [P1].
- Conducting interviews with 10+ architects and students to guide a simulation tool for stakeholder-centered architecture design.

Workflow Observation of LLM-Assisted Qualitative Coding | Penn–Stanford research collaboration

- Leading a think-aloud study comparing how researchers with different experience levels use LLMs in qualitative coding, focusing on decision-making and appropriate reliance.

Pervasive HCI Group, Tsinghua University | Research Assistant *Jun 2025 – Sep 2025*

Advisor: Prof. **Yuntao Wang**

- Co-designed a two-stage study investigating the long-term effects of AI self-modeling on behavioral engagement: a one-week pilot (N=28) and a four-week study (N=31).
- Conducted user experiments and semi-structured interviews; co-authored the CHI 2026 paper [C1].

NLPIR Lab, Renmin University of China | Research Assistant *Jul 2021 – Apr 2024*

Advisor: Prof. **Zhicheng Dou**, Dr. **Qiannan Zhu**

- Investigated explainable and personalized product search and recommendation, resulting in publications [C3][C4][C5].
- Built an education RAG system and contributed to fairness and transparency research with ByteDance.

INDUSTRY EXPERIENCE

Credo | Co-Initiator & Product Designer *Dec 2025 – Apr 2026*

- Interviewed PhD students about intellectual authorship and agency in AI-assisted writing.
- Designed human–AI interaction flows and developed of an LLM-assisted writing IDE.

WeFun AI | Product Manager *Nov 2025 – Mar 2026*

- Led product design for an AI-powered interactive-content creation platform.
- Conducted user research and designed multi-agent workflows for non-technical creators.

TEACHING EXPERIENCE

Construction I (ARCH 5310) *Fall 2025*

Teaching Assistant, University of Pennsylvania

Construction II (ARCH 5320) *Spring 2026*

Teaching Assistant, University of Pennsylvania

LEADERSHIP & SERVICE

Reviewer, AAAI/ACM Conference on AI, Ethics, and Society (AIES) *Jul 2025*

Contact Volunteer & Newspaper Editor, Left-Behind Children Outreach Program *Jan 2020 – Dec 2025*

Studio Representative, University of Pennsylvania *Aug – Dec 2023, 2024*

Class Representative & Vice Secretary, Renmin University of China *Sep 2019 – Jul 2023*

Student Union President, Zhangjiajie No.1 High School *Sep 2017 – Jun 2019*

HONORS & AWARDS

Samuel K. Schneidman Fellowship, 2026
Weitzman Scholarship, 2024, 2025, 2026
AdventureX Hackathon Awards, 2025
Charles Merrick Gay Scholarship, Harlan Coornvelt Memorial Prize, 2025
Outstanding Graduates, Beijing, 2023
First-Class Academic Scholarship, 2022
Baidu Pinecone Talent Cultivation Practice Base, 2021
Interdisciplinary Contest in Modeling, Finalist, 2021

TECHNICAL SKILLS & INTERESTS

AI / ML PyTorch, TensorFlow, scikit-learn, LangChain, knowledge graphs, computer vision.
Programming Python, C/C++, Java, JavaScript, React, Node.js, Electron, SQL.
Design & Prototyping Figma, Rhino/Grasshopper, Unity, Unreal Engine, Arduino, 3D printing.
Languages Mandarin Chinese (native), English (fluent).
Interests Piano & Accordion, Pilates, Musical, Hiking.
